

ANNUAL REPORT 2021-2022

BASS COAST COMMUNITY FOUNDATION LTD STRATEGIC FRAMEWORK 2021 - 2026

The Bass Coast Community Foundation was established in 2002 to provide a sustainable source of funds for community projects. We are an independent, philanthropic organisation operating exclusively for the benefit of the Bass Coast community. We are for local people in Bass Coast – this is your Foundation!

OUR AIM IS TO

Identify and address inequities and disadvantages through evidence-based early interventions, and;

Strengthen communities, increase resilience, well-being, and opportunities for Bass Coast residents.

OUR CORE FUNCTIONS ARE

WHILE MAINTAINING A SUSTAINABLE CORPUS TO FUND THE PROGRAMS OUR COMMUNITY NEEDS

OUR FOCUS IS TO

Increase aspirations of young people through skills, knowledge and learning

Increase opportunities for local women and girls

Reduce the incidence and risk of homelessness and housing stress

These three focus areas are the priority as part of the strategic plan and thus for the Foundation and its work.

Since 2002 the Foundation has distributed well over one million dollars for the Bass Coast community. The Foundation continues to make a difference in a way that no other organisation can as a vehicle that enables support to be provided in areas of genuine need as well as providing an opportunity for local people to make a real difference where they live.

Underpinning all the work that we do is a robust action plan which articulates the outcomes, actions, responsibilities, and measures of success that guide the work of the Board and the Executive Officer.

Collectively, we are advocating for the issues that are most important to local people. By partnering with local organisations, we are working to make our communities stronger, more resilient and healthy.

CHAIR'S MESSAGE

Phil Friedlos

I am pleased to be writing this introduction to our Annual Report for the first time since I took on the role of Chair in November 2021.

Let me begin by acknowledging and thanking Carol Blair for the contribution that she made to the Foundation and to our community during her time as Chair, and previously as a Director. As you will see below, Carol's contribution to Bass Coast has been recognised in her award as 2022 Bass Coast Citizen of the Year – a very well-deserved award.

I am delighted to say that Carol has agreed to take on the role as Patron of the Foundation, so we will continue to benefit from her advice, guidance, and involvement as we go forward.

Reflecting on the year since July 2021, the Covid related challenges that we saw during the previous year have continued to impact the Bass Coast community and the Foundation, and have continued for longer than many of us expected. These lasting challenges have increased the focus and importance of many of the grassroots initiatives that the Foundation supports such as the provision of Back-to-School vouchers, and our Community Grant program.

I am pleased to report that we saw an increase in donations over the level of the previous year, and we are immensely grateful to all our donors. The generosity of our donors enabled us to increase the level of grants and financial support that we provided to the community this year. All the projects you will read about later in this report are made possible only through your donations. Without your support – whether small or large – it would not be possible to enable the fantastic outcomes that these projects deliver for our community.

As well as donations, we were fortunate this year to benefit from a generous bequest that enabled the establishment of the Joan Eltringham Memorial Fund to support students at Bass Coast College, where Joan was a teacher for many years. You will read more about this Fund below, but it illustrates how a bequest to the Foundation can form a long-lasting legacy that will continue to benefit the community for many years to come.

Bass Coast Shire Council has continued to be a valued partner and supporter of the Foundation. During the year Council agreed to extend for a further three years the support that they provide towards the Foundations operational costs. We greatly appreciate this, as it means that more of our donated dollars can go directly to the projects and programs that make a difference in our community.

Another key change for the Foundation this year was a change of Executive Officer. In May 2022 our Executive Officer Kirsty Mawer retired. Kirsty brought a great passion, enthusiasm, and energy to the role, and the Foundation and the community has benefited greatly from her contribution both as Executive Officer, and prior to that as a Director.

We are delighted to welcome Sarah Bourke into the role of Executive Officer. Sarah brings a wealth of experience in the philanthropic and community sectors to the role. She was born and raised in South Gippsland, and has strong connections to our community. Sarah joins us from a role working with the Ngaanyatjarra Pitjantjatjara Yankunytjatjara Women's Council (NPYWC), a major provider of youth and education services in Alice Springs.

The period of this Annual Report, July 2021 – June 2022, marks the completion of the Foundation's 20th year. The Foundation was established in 2002 in response to the growing need for a sustainable source of funds to support community projects within Bass Coast. Over the last 20 years, the Foundation has distributed over \$1m to projects and programs to improve the lives of the Bass Coast community. This has been possible only through the generosity of you, our community of donors. I would like to close by thanking most sincerely everyone who has been part of the Foundation's 20 year history – founders, past directors, executives, partner organisations, and most importantly our donors. Without all of you, this would not have been possible.

The Board and I look forward to opening the chapter on the next 20 years of the Bass Coast Community Foundation.

CONGRATULATIONS TO CAROL BLAIR

Pictured (L-R): Deputy Mayor Cr Leticia Laing, Carol Blair, Mat Bowtell (2021 Bass Coast Citizen of the Year) and Mayor Cr Michael Whelan.

The Board was thrilled that outgoing Chair and Patron Carol Blair, was awarded 2022 Bass Coast Citizen of the Year for her leadership and volunteer work in the Bass Coast community.

The Foundation has been the beneficiary of many voluntary hours Carol has committed to delivering and growing its work. Carol was a Board Director for six years, Chair for two years, and is the Foundation's current Patron. Carol is actively involved in the Foundation's Women for Change working group, and she is passionate about continuing to advocate for and raise awareness of gender inequality women and girls face in our community.

The award was a fitting recognition of Carol's role in the community, and her passion to make a difference and contribute to the region.

WHAT WE ARE DOING: COMMUNITY GIVING 2021-2022

Bass Coast Kids as Catalysts program (Kids Thrive)	Piloted at Newhaven Primary School in 2021, and in 2022 also being delivered at Bass Valley Primary and Powlett River Primary, this award-winning program ignites young people to become catalysts for change in their local communities.	\$63,525
Foundation for Rural and Regional Renewal (FRRR)	A total of 739 Back to School vouchers (supplied by FRRR) were distributed to students in need across all Bass Coast schools, in addition to families in need outside traditional school settings.	\$36,950
YMCA (YES Youth Hub, YMCA Cowes)	YES, Youth Hub received a Community Grant to establish a pantry to support local young people sleeping rough, couch surfing or with limited access to quality food at home. YMCA Cowes received funds to support young people in need to attend school holiday and other sport and recreation opportunities.	\$8,850
Bass Coast College	As part of a generous bequest, this year the Joan Eltringham Memorial Fund was launched to improve well-being, inclusiveness and literacy for disadvantaged and vulnerable children attending Bass Coast College.	\$7,000
Bass Coast Special School	Recipients of a Community Grant to introduce a play-based therapy program for primary and lower secondary aged students with learning difficulties and communication challenges.	\$5,000
Bass Coast TAC L2P program	Long standing support for the L2P program ensuring young learner drivers who do not have access to a supervised driver or car, and who are unable to get the required 120 hours of supervised driving practice, are matched with a volunteer mentor driver and access to a program vehicle.	\$5,000
PICAL	Phillip Island Community and Learning Centre (PICAL) received grant to support ongoing costs of the Food Pantry. This initiative provides weekly food hampers and meals prepared by volunteers, using ingredients from their own Community Garden, and are distributed to residents in need.	\$4,250
Kinship Carers	Funding has supported the establishment of a Kinship Carers group at Phillip Island who meet monthly. Most are dealing with challenging situations daily; primarily with the parents of the children being cared for and the associated support services required.	\$1,500
Swell Mamas	Received a grant to run a beginner surfing program to help women and mothers to learn a new recreation activity, gain self-confidence and build on their social network and connection to their local community.	\$1,200

THE JOAN ELTRINGHAM MEMORIAL FUND

The Joan Eltringham Memorial Fund was launched to support well-being, inclusiveness and literacy initiatives for vulnerable children attending Bass Coast College.

Joan was a passionate and highly respected teacher at what was Wonthaggi Secondary College for 29 years from 1979 – 2008, working mainly with children to improve literacy and inclusiveness.

“She provided amazing intervention support, positively influencing the outcomes for many students over her very successful career,” said Darren Parker, Principal of Bass Coast College.

With support from the benefactor’s niece, Lisa Farrugia (nee Eltringham), the Foundation launched the Fund with an initial donation of \$7,000, with plans to donate funds each year to Bass Coast College specifically for disadvantaged children.

For more information:
<https://www.givenow.com.au/joan-eltringham-memorial>

Proudly presenting a \$7000 cheque to Bass Coast College was (L-R) : Lisa Farrugia (nee Eltringham), Bass Coast Community Foundation Director John Walsh, with acting College Principal Leith Warren (right) and assistant College principal Phil Hughes (far left).

WHAT WE ARE DOING: COMMUNITY GRANTS 2021-2022

All Community Grants are funded by the generosity of the Foundation’s donors from the Bass Coast community. There were five successful recipients of Community Grants program in 2021/22, and funds received aim to help local eligible organisations identify and address areas of need and disadvantage through evidence-based early interventions, and help build resilience, well-being, and opportunities for Bass Coast residents.

YES YOUTH HUB IN WONTHAGGI received funds to support local young people who may be sleeping rough, couch surfing or not being provided enough quality food at home. The funding initially supported the establishment of a pantry at the Hub and will continue to support the stocking of items as needed and guided by young people.

Rebecca Wilson from YMCA said the YES Youth Hub (YYH) Bass Coast provides a safe space for young people to connect, to be empowered and to access information about services and support.

“We are really pleased to be able to use this grant to help establish a food pantry for young people who are in need. The pantry will be stocked with non-perishables and personal items such as toiletries and sanitary items,” she said.

Along with this, YMCA COWES, received funds to support disadvantaged youth to attend out of school activities such as music lessons, swimming etc.

Rebecca Wilson (YMCA Area Manager), Tracey Cobb (Program Officer YES Youth Hub) receive Community Grant from Bass Coast Community Foundation, Sarah Bourke (Executive Officer).

BCSS Students; Jaide, Oliver, Chad, Natalie and Daniel pictured receiving their Community Grant, with Assistant Principal, Caroline Sibby.

BASS COAST SPECIALIST SCHOOL were given funding to deliver play-based therapy for students diagnosed with learning difficulties and communication disorders.

Caroline Sibby, Assistant Principal said, “This funding means that we can better support our students, many of whom can’t communicate with spoken word, and intervene earlier to help them with some strategies and tools to cope with difficulties. This evidenced-based therapy will allow our students to express, regulate, communicate, practice and master new skills as well as their emotional responses.”

WHAT WE ARE DOING: COMMUNITY GRANTS 2021-2022

PHILLIP ISLAND COMMUNITY AND LEARNING CENTRE (PICAL) received funds to support the ongoing costs of the Phil Dixon Food Pantry.

This initiative provides weekly food hampers, including a range of kitchen and pantry staples and meals prepared by volunteers, using ingredients from their own Community Garden, and are distributed to residents in need. Operated by volunteers, over the past two and a half years, it has received almost 14,500 visits from people who struggle to put food on the table, equating to around 110 people who need help to feed their household each week.

"PICAL are very grateful to Bass Coast Community Foundation for their generosity and ongoing support of the Food pantry for residents in need in the Phillip Island area," Greg Thompson PICAL Manager added.

Greg Thompson (Centre Manager) and PICAL Pantry Volunteer, Pauline Hamon pictured with Community Grant from Bass Coast Community Foundation.

TAC L2P DRIVER TRAINING were given funding to deliver driver training for 16-23-year olds from families of disadvantage. The program supports up to 60 learner drivers from across the Bass Coast who are able to complete their required hours of supervised driving practice with volunteer mentors. Melanie Mumford, Bass Coast L2P Coordinator said, "The positive outcomes for our young learner drivers would not be possible without the support of BCCF Community grants."

WHAT WE ARE DOING: COMMUNITY GRANTS 2021-2022

WOMEN FOR CHANGE

WELLNESS WARRIORS

As a Working Group of the Foundation, Women for Change use their collective skills to help other local women make positive life changes or take a step towards greater wellbeing.

Through fundraising initiatives, particularly focused on International Womens Day, grants are awarded to support Bass Coast women and girls.

One such funded program, Wellness Warriors, provided personal development workshops in 2021 to support women in the Bass Coast region. Due to COVID - 19 restrictions, these were delivered via a combination of in person and online sessions. Participants were recruited via local social support services, local media, and word of mouth.

Activities were participant driven, and included sessions around developing a wellbeing plan, learning about meditation, breathing, art, drawing, painting, exercise and self-care. All participants commented on the benefit they received from the program in their wellbeing journey, especially the opportunity to connect through art.

Lynda, a program participant said, "Wellness Warriors completely exceeded my expectations, I would look forward to each week and the range of activities. Each week was a great opportunity to get out of your comfort zone and support one another in doing so. I enjoyed the range of activities on offer from wellness, meditation to art therapy along with company of each person, women from all over the Bass Coast and strong connections were made."

Photo: Erin Johnson (Wellness Warriors coordinator), Lynda Probitts (Wellness Warrior participant), Nina Barry-Macaulay (Chair, Women for Change)

WONTHAGGI NEIGHBOURHOOD HOUSE, WOMEN'S DRIVING PROGRAM

Wonthaggi Neighbourhood Centre runs the Bass Coast TAC L2P program supporting young learner drivers who don't have access to a suitable supervising driver to assist them to reach 120 hours of driving experience and become safe, competent drivers.

The program is frequently approached by women over the program's 16-23 year age requirement who need the support of a supervising driver to help them pass the drive test and be safe on the road. Many of these women are newly arrived to the region, may be socially isolated or have limited family support.

Women for Change provided funding to enable five local women who face barriers to gaining their drivers licence to participate in the Women's Driving program. A recently graduated participant was grateful for the opportunity saying, "It helps people like me get my licence, it has changed my life for the better and helped build up a lot of confidence to be able to pass! It truly is an amazing program."

BASS COAST SHIRE COUNCIL

Bass Coast Shire Council was instrumental in assisting in the establishment of the Foundation and has been a major supporter of the Foundation since its inception in 2002. One of the major challenges for the Foundation's Board has been to source, fund and manage the Foundation's operations. The Foundation is unable to use tax deductible donations provided for its charitable work for operational purposes. Council's ongoing financial contribution has supported the ability for the Foundation to fund its operations, and for this we are extremely grateful.

WHAT WE ARE DOING: GRANTS RECEIVED 2021-2022

ECSTRA FOUNDATION

The Bass Coast community – like many other regional places – has typically had very little access to current, relevant data about socio-economic issues affecting local people; issues such as the financial capability of its community.

We took action to address this shortcoming in 2020/21, supported by a financial capacity building grant from Ecstra Foundation and this continued in 2021/22.

The Foundation engaged a consultant to develop a profile of financial vulnerability across the community. The resulting comprehensive report 'Bass Coast Counts' has been shared with key stakeholders and the community. The profile is a community asset that Bass Coast community funders and service providers can use to better demonstrate community need to secure resources and advocate for additional services. The profile showed that financial wellbeing in the Bass Coast Shire was below the state and national average. Women and young people were identified as the most vulnerable groups whose financial wellbeing is declining over time and who have been most impacted by the economic consequences of the Covid-19 pandemic. The research also found there had not been any meaningful financial counseling services offered within Bass Coast Shire for several years, despite funding being awarded to large service providers.

Based off the report's findings, BCCF worked with local neighbourhood houses in the most marginalised and vulnerable areas (identified in the report) to create and deliver financial counseling services in a sustainable and enduring manner. Outgoing BCCF Executive Officer, Kirsty Mawer, writes, "Our learning has been that the community frequently has the capacity within it to make change if they are financially resourced and empowered to do so. Community sovereignty is vital for quality outcomes. Collaboration, quality collaboration, takes time."

Financial Literacy Classes ran across Bass Coast neighbourhood houses.

BACK TO SCHOOL VOUCHERS

Photo: David Kelsey, Rodney McKenzie (principal Cowes Primary School), Phil Friedlos (Chair, BCCF)

For the seventeenth consecutive year, as part of our ongoing partnership with FRRR, the Back to School Voucher program provided \$50 vouchers to Bass Coast students and families in need. The vouchers are redeemed at Kmart for essential school supplies, such as uniforms, stationary, shoes and school bags. It might not seem like much, but to many these make a real difference to start of the school year.

A local school principal shared their appreciation for the program, "The vouchers bring a huge relief to parents and carers, so much so you hear a sigh of relief when you explain how they can use them to help with back to school costs, often for a number of children in their family who would otherwise have to go without. I have had parents who have cried, overwhelmed by the generosity of the organisations behind this. In addition to this, they also bring relief to staff, knowing students will not go without. We often underestimate the impact a nice school bag or lunchbox can have on a child. They are so excited when they can choose it for themselves too. We love it when they come to school proud of their lunchbox and happy to bring it out, show everyone and eat with no shame embarrassment."

WHAT WE ARE DOING: KIDS AS CATALYSTS

In 2021 the Foundation funded the pilot delivery of the award-winning Kids as Catalyst program at Newhaven Primary school.

The six-month program delivered by Kids Thrive, another non-for-profit organisation, living and delivering the program in our local community supports young people to be positive change makers and leaders by partnering with local organisations to deliver action projects as a legacy. Thirty-five children participated in the Kids as Catalysts pilot program with seven community action projects benefiting over 4200 community members through co-designing and delivering action-based projects.

Despite much of the program continuing in COVID enforced lockdown results showed that young people had:

- 52% increase in positive connections with other students at school
- 80% increase in connections with kids outside school
- 34% increase in trusted connections with adults at school
- 32% increase in trusted connections with adults in the community

Foundation Chair Phil Friedlos said, "This program is funded via a range of means including, The Robert Selzer Foundation, FRRR and local donations to the Bass Coast Community Foundation and is part of the Foundation's work to improve local children's aspirations and community connections. We are proud to support Kids Thrive, such a forward-looking local organisation, to have such a positive impact on the lives of children's mental health and wellbeing."

The model was expanded for wider implementation at Powlett River and Bass Valley Primary Schools in Term 3 & 4 2022.

The Bass Coast Community Foundation is an independent philanthropic organisation that enables local donors to contribute cash, trusts, bequests or property to create permanent endowments that benefit people and/or community groups solely within the Bass Coast Shire region. The Foundation is your local charitable organisation, independent of religious and/or political persuasion. It was established in 2002 in response to a growing need for a sustainable source of funds for community projects. The Foundation operates exclusively within the boundaries of the Bass Coast Shire and is governed by a voluntary Board of Directors.
